

PUBLIC MEETING

**Update on the Cleanup Activities scheduled for
Summer and Fall of 2016 at South Street
and**

**Update on the Construction of the New Police and
Fire Stations**

June 21, 2016 at 6:00 pm

Walpole Public Library Community Room

Update on Cleanup Activities

Cleanup of contamination at the Blackburn and Union Privileges Site will resume in late June and continue through the end of the fall. Cleanup activities and construction will primarily be focused on the properties on South Street that are associated with the Blackburn & Union Privileges Site. These areas are on the property where the former mill building sat (West of South Street), and across the street from there where the town plans to build a police station (East of South Street).

Update on Construction Activities

Come see drawings of the facilities, floor plans, speak to the Chiefs, ask your questions, and get an update as to the timing of the project.
